New UKU.tv article, presenters wanted

We are now looking for new radio presenters for our new Brent based online radio station found on www.brentcommunityradio.org.uk . Previous experience is not as important as enthusiasm as we will train the right people. We have spots for people to present music based radio shows, current affairs as well as live events. Our audience demographics are aged 16 – 30 and cover a diverse range of communities.

On Thursday 23rd August we'll be holding an Open Day for budding presenters to come along and see us from 5pm – 8pm. Please email john.downie@saba.org.uk if interested
